

THEATREWORKS

2024-2025 SEASON

Dear Theatre Lover,

We are so thankful for the support of our audiences during the thrilling start of the Theatreworks 2023-24 season. So far this season, patrons like you have enabled us to accomplish so much together:

- Three beautiful, wide-ranging productions, from the laughter through tears of *Steel Magnolias* (possibly the first time a hot comb has graced the Theatreworks stage—but not the last!) to the adventurous storytelling of *The Little Prince* (those wonderful puppets? Mark Arnest’s original compositions!) and only the third production in the world of the timely dark comedy *Dream Hou\$e* (proving that Theatreworks audiences are among the most adventurous in the country!).
- Memories galore—meeting the Fox and his puppet friends after *The Little Prince*, toasting with the production team on opening nights, or diving deep into all the shows with the designer chat, Actor Interchange, and Community Conversations.
- Unique experiences seen only at Theatreworks, from planets descending from the sky, to an on-stage salon clipped from a nineties magazine, and the regional premiere of a new text by an up-and-coming young playwright, Theatreworks’ audiences reveled in the creativity only live theatre can offer.
- Supporting and enjoying the artistry of 15 actors (every one of whom is from Colorado!), 3 puppeteers, 3 directors, 10 designers, 6 stage managers, countless technicians, and scores of student backstage workers—all creating in your own community! And three more shows to come.

Each year, we ask our patrons to take a leap of faith with us as we put finishing touches on the coming season’s productions. And while you are steeped in the brilliant and resonant artistic journey of our current season, we invite you to anticipate what is to come in our 2024-25 season of six compelling, juicy productions whose common thread is our collective past and how it informs our present and future.

Can we count you in for a season featuring classic literary adaptations, a follow-up to the stories of women in science that made our 2023 production of *Marie Curie* so beloved, a Shakespeare relevant to our current moment, and other theatrical experiences to delight and inspire? Never doubt that our passion for creativity, diversity, innovation, and poignant storytelling are in service to you. Please say yes and make us a part of your theatre tradition!

This year, we have all the same exciting options for subscriptions—with one minor change. Off Peak Subscriptions - now called Up First Subscriptions - will include your choice of any opening weekend or Thursday performance at the same savings you are familiar with. For those looking to make the most of their budget, we continue to offer Preview Subscriptions that include seats at the first Thursday performances of each production. And for those who want the luxury of maximum flexibility, we still offer our excellent Anytime option!

We invite you to subscribe during our loyalty period, before we’ve announced the show titles and before April 5, 2024, so you can receive our very best loyalty discount of 30% off single-ticket prices.

OF COURSE, you can still subscribe once the shows are announced! But the discount won’t be quite as steep, and your sense of adventure may miss out on a rejuvenating thrill.

Excited to see you at the theatre for *Into the Woods in Concert!*

With gratitude,

Theatreworks Staff
Caitlin, Lily, Elena, Pheobe, Dan and Marie

Theatreworks Advisory Board
Lynne, Jeff, Holly, Josh, Joye, Kaley, Kathleen, Marisa, Nicola, Seth, Wanda and Whitley
