2023-2024 SEASON

Dear Theatre Lover,

We have been so grateful for the support of audiences during our 2022-2023 season. We really can't thank you enough! This season, patrons like you have enabled us to accomplish so much:

- Beautiful and wide-ranging productions, from the delightful musicianship of the laugh-out-loud *Lumberjacks in Love* to the discoveries of two brilliant scientists and two powerhouse performers in *The Half-Life of Marie Curie*.
- Memories galore—eating opening night cake and dumplings on the *Aubergine* set or snapping silly photos of yourselves as March sisters in the Ross lobby during *Little Women*.
- Unique and enriching theatre experiences, such as our poignant bilingual production of *Aubergine*; by featuring subtitles in both languages, Theatreworks did something no other production of that play has previously. Or the epic *King Hedley II*, Theatreworks' fifth entry in August Wilson's canonical ten-play Pittsburgh Cycle.
- Supporting the artistry of 45 actors, 6 puppeteers, 7 directors, 26 designers, 5 stage managers, musicians, countless technicians, and scores of student backstage workers—all creating in your own community!
- And all that with one show to go in the 2022-2023 season. Can you believe it?

As summer approaches, Theatreworks is looking ahead to our 2023-2024 season to invite audiences to learn about the blockbuster titles scheduled to cross our stages beginning in September. Take a look at the brochure you received to read all about the productions and the beloved artists guiding them—Like Lynne Hastings, Kathryn Walsh and Caitlin Lowans, as well as new and exciting partnerships with local puppeteers, chamber orchestras and more.

Subscriptions have many benefits - see the column to the right! - but one benefit we don't talk about often is how your commitment impacts the theatre day-to-day. Growing our community of subscribers helps staff, artists and creative teams focus on what they are great at: making art! This means less time thinking about ticket sales and much more attention on things like producing moving and innovative theatre, bringing on top-tier talent and groundbreaking directors and technicians, and crafting sets and other experiences that have the power to give you goosebumps in the best way.

We invite you to take a leap of faith with us and reap the benefits of committing to a full season of theatre! We promise to deliver all the creativity, diversity, and poignant storytelling that you have come to expect of Theatreworks, and we sincerely hope that you will consider making us a part of your theatre tradition.

What have you got to lose besides a few hours in our wonderfully air-conditioned theater while you watch inspiring performances? **Purchase a subscription before August 1st and we can guarantee you the best seats before single tickets go on sale!**

Excited to see you at the theatre soon!
